My name is Paul Daniels.

I am a mobile mechanic and with my wife Domenica and two children Anae 7 and Jael 11, We also farm our property on Seven Day Road.

I have lived my entire life in Manjimup and believe that Local Government is best served by people who really know this community.

I have a keen interest in education and training, A healthy and vibrant business community and preserving our local culture.

As a councillor it would be important to me to always try to see other points of view and make fair and balanced judgements.

I hope to make a difference by looking at the big picture, by cutting through red tape and bureaucracy to encourage local investment in our region.

I would also like to be a voice for young people in our community, through planning and teamwork retain and help them succeed into local careers.

Manjimup is in a state of change and I would very much like to have the opportunity to shape, influence and respond to the needs of our community during this time.

Thank you
