I am running for the position of Shire Councillor for the Manjimup Urban seat because I am passionate about Manjimup and the district. I have been a councillor for 20 years and I have been very committed to this important position. With an understanding and a lot of experience in small business, farming & sporting committees I believe that I have a lot to offer in this position. I have been a Rotarian for over 40 years & a Paul Harris Fellow and a life member of the Manjimup Basketball Association.

To improve tourism we must support tourism icons and events such as the South West Energy Experience Museum (Power Up Museum, the Sandra Donovan Soundshell the Cherry Festival & the Truffle Kerfuffle.

I am passionate about improving the road system and completion of the footpaths to increase accessibility for the aging population. To make sure that sport in our community is at an affordable price and new sporting facilities are available in the future for our youth.
