Advice Notes

1. This Development approval is NOT a building permit. A certified building permit must be formally applied for and obtained from Building Services BEFORE the commencement of any site and/or development works.
2. Further to Condition 12) above, the applicant is advised that as an alternative, the Shire of Manjimup is prepared to accept payment of cash-in-lieu for the required parking that cannot be provided on-site, with such payment to be used by the Shire to construct the parking spaces on Narocki Way prior to occupation of the development.
3. The development and associated uses are required to comply all relevant provisions of the *Health (Miscellaneous Provisions) Act 1911 (as Amended)*, *Health (Public Buildings) Regulations 1992*, the *Food Act 2008* and *Food Regulations 2009*. Prior to commencement of the uses hereby approved, various applications are required under this legislation, and it is recommended that you liaise with the Shire of Manjimup's Environmental Health Team over the preparation, lodgement and approvals processes.
4. No earthworks are permitted until full details and particulars have been submitted to and approved by the Shire of Manjimup prior to a building permit being issued.
5. Any retaining walls in excess of 500mm in height required in connection with development shall be so constructed as to accord with plans and specifications prepared by a practicing structural engineer to the satisfaction of the Shire of Manjimup and details and particulars of the certified plans and specifications shall be provided to Shire of Manjimup as part of any application for a building permit.
6. Any ground levels differences at the boundaries of the land in excess of 150mm must be retained, or otherwise stabilised to the satisfaction of the Shire of Manjimup, prior to occupation of the approved development and fences shall not to be used for that purpose.
7. If public consumption of alcohol is likely to occur on the subject premises, additional requirements may be imposed by the Liquor Licensing Division of the Department of Local Government, Sport and Cultural Industries. It is recommended that the proponent consult with the Liquor Licensing Division, either directly (on 1800 634 541) or via the website: www.dlgsc.wa.gov.au for further information.

Presiding Member, Regional DAP

AMENDING MOTION 2

Moved by: Tony Arias

Seconded by: Karen Hyde

That Condition No.17 be deleted, and a new Condition No.17 be added, to read as follows:

Prior to Commencement of Construction the applicant is to prepare an Operation Management Plan to address amenity issues including; the smoke, fumes, noise, vibration, odour, vapour, dust, waste water, waste products or other pollutants to the satisfaction of the Shire of Manjimup.

The Amending Motion was put and CARRIED UNANIMOUSLY.

REASON: To provide certainty and an appropriate mechanism for addressing potential amenity issues

AMENDING MOTION 3

Moved by: Tony Arias

Seconded by: Cr Donnell Buegge

That Condition No.18 be deleted and a new Condition No.18 be added to read as follows:

External lighting must comply with the requirements of AS4282 – Control of Obtrusive Effects of Outdoor Lighting to the satisfaction of the Shire of Manjimup.

The Amending Motion was put and CARRIED UNANIMOUSLY.

REASON: To provide certainty as to the condition requirements.

AMENDING MOTION 4

Moved by: Clayton Higham

Seconded by: Tony Arias

The following amendments were made en bloc;

- (i) That Advice Note No.2 be deleted, and the remaining advice notes be renumbered accordingly.

Karen Hyde
Presiding Member, Regional DAP

- (ii) That Condition No.12 be amended to read as follows:

*Prior to the commencement of works, the applicant is to submit, and have approved to the satisfaction of the Shire of Manjimup, a detailed parking plan design which complies with Table 2 and 3, **Clause 5.17.11**, of Shire of Manjimup Local Planning Scheme No. 4, including ~~111~~ **96** car parking bay/s, aisle widths, circulation areas, driveway/s and points of ingress and egress. ~~Further to Condition 12) above~~ **Alternatively**, the applicant is advised that as an alternative, the Shire of Manjimup is prepared to accept payment of cash-in-lieu for the required parking that cannot be provided on-site, with such payment to be used by the Shire to construct the parking spaces on Narocki Way prior to occupation of the development.*

The Amending Motion was put and CARRIED UNANIMOUSLY.

REASON: The panel considered the calculations and ratios for parking and the provisions under the scheme to vary the requirement. The panel felt that overall, a parking provision of 96 bays would adequately meet the needs of the future occupants and visitors to the motel and cater for the staff intended to service the facility. The panel recognised that there was a strong likelihood of the occupants of the motel using the restaurant and therefore an allowance for reciprocity, as proposed by the applicant, was acceptable. In the event that the applicant was unable to provide for the required number of bays on site, the panel considered that a cash in lieu contribution was appropriate to be paid to the Shire in order for the Shire to provide on street parking in a safe location in close proximity to the development

AMENDING MOTION 5

Moved by: Karen Hyde

Seconded by: Tony Arias

That Condition No.8 be amended to read as follows:

*The approved landscaping and reticulation plan must be fully implemented within the first available planting season ~~after the initial~~ **prior to** occupation of the development, and maintained thereafter, to the satisfaction of the Shire of Manjimup. Any species which fail to establish within the first two planting seasons following implementation must be replaced in consultation with and to the satisfaction of the Shire of Manjimup;*

The Amending Motion was put and CARRIED UNANIMOUSLY.

REASON: the panel felt that it was beneficial to future occupants and visitors and to the broader amenity of the neighbourhood for the on-site landscape to be completed prior to occupation of the development. This approach would reduce the potential for conflict between occupants and construction activities.

Karen Hyde
Presiding Member, Regional DAP

AMENDING MOTION 6

Moved by: Karen Hyde

Seconded by: Clayton Higham

That a new Condition No.20 be added to read as follows:

Prior to lodging of a building permit, a noise management plan is to be submitted to the Shire for approval and thereafter applied to the development to the satisfaction of the Shire.

The Amending Motion was put and CARRIED UNANIMOUSLY.

REASON: To follow the requirement of state planning policy and allow for an assessment of road noise and to provide for any mitigation measures for the development
