### VALUATION TYPE

The amount of rates payable is dependent on the assessed value of your land.

For residential and commercial properties, the assessment is made on the estimated annual rental value or Gross Rental Value (GRV). This value is reassessed by the Valuer General every six years, or on request. The latest values were issued on 1 July 2024. For rural and non-commercial properties, this assessment is made on the land value or Unimproved Values (UV) annually.
